

# EXERCISE: SEARCH CRITERIA

by Mark Gillan

# COMPARE CRITERIA

Using Google, try this short exercise for fun and comparison of search criteria. Type out the your experiences.

- **Search for the keywords:**

crocodile farm northern Australia

- Make a note of the result of this search. How many possible web pages returned by Google?

- **Now search using Boolean technique using the same words with a slight difference:**

“crocodile farm” AND “northern Australia”

- How many possible web pages returned by Google?

- Did it narrow the search results? How much?

Make a note of the result of this search.
