

Legislation – Class Debate

LECTURER: MARK GILLAN

Do you think individuals should sacrifice some privacy in the fight against terrorism online?

Debate Point ONE

Can surveillance itself have a negative effect on security?

Debate Point TWO

Do you think surveillance by the state can be considered separately from surveillance by commercial organisations?

Debate Point THREE

Do you think it is acceptable for communications companies e.g. BT Hold your browsing and call info for 12 months?

Debate Point FOUR

Can you think of any issues possibly arising from holding this data about people?

Debate Point FIVE
