

OUTCOME 2

Task 1

Lecturer: Mark Gillan

Outcome 2: Task 1

Part A

- Create appropriate design diagrams and/or written (typed) designs for the project you are undertaking.
- The design you create must be appropriate and detailed enough to fully plan out what you are trying to achieve.
- The design document must include a minimum of two design diagrams or alternatively one written design (of at least 200 words) and one design diagram.

Part B

- Create a quotation for the client listing all costs involved with your chosen project, including how much you intend to charge for your labour.
- Keep in mind that the total cost must be kept within the budget set in the brief.
