

# READING OUTCOME

Lecturer: Mark Gillan

# WELCOME TO THE READING OUTCOME

- Reading Outcome of the Essential Skills Communications Unit
- Different from close reading carried out in schools
- No reading of plays, poems and long books (unless you want)
- Instead, we will look at newspapers, web pages, magazine articles
- Doesn't matter as to article; the pattern of questions is the same
- Meaning, you should be able to answer the questions on any text
- SQA don't care about your knowledge of the topic featured in the text
- The SQA more interested in your ability to understand what is written
- Ability to evaluate any featured text and being able to summarise the information

# READING TOOLKIT

The Reading Toolkit will help you learn :

- Understand the featured text
- Break Information down
- To evaluate a piece of writing
- To summarise the information
